

## **City of Ontario**

# ADDENDUM NO. 4 Bid Invitation # 1778

#### **D&C21-001A New Fire Administration Building**

### Today's Date is Tuesday, April 23rd, 2024

The following changes, omissions, and/or additions to the specifications and/or drawings shall apply to proposals made for and to the execution of the various parts of the work affected thereby, and all other conditions shall remain the same.

Careful note of the Addendum shall be taken by all parties of interest so that the proper allowances may be made in strict accordance with the Addendum and that all trades affected shall be fully advised in the performance of the work which will re required of them.

In case of conflict between drawings, specifications, and the addendum, this Addendum shall govern. This Addendum shall be incorporated into the final Contract.

#### Clarification:

The following clarification is hereby made to the solicitation for the above project:

1. Q&A excel sheet with questions and answers has been uploaded into bid documents.

This Addendum must be acknowledged electronically, the bid management system will not perform submission of a bid until all addenda are acknowledged.

Thank You

	Submit Date	Question	Answer
S.J. Amoroso Construction Co.,	03/25/2024 3:15:27	01 - Please clarify the "Bid Schedule" listed in Article 2 – Required Bid Forms in the Bid Solicitation Package (pg 17). No preliminary schedule	The Bidder is responsible for creating their own Bid Schedule. In this section for the bidder, the "bid schedule" refers to the part of the Bid that lists Pay Items, units of measurement, prices, estimated quantities, and the
LLC	PM	is called out in the project specifications.	total Bid price. Not the City's Bidding Schedule.
S.J. Amoroso Construction Co.,	03/25/2024 3:15:27		
LLC	PM	02 – Please advise if there is any Federal funding on this project and if Davis Bacon Wages are required. Ref: Invitation to Bid.	No Federal funding
S.J. Amoroso Construction Co., LLC	03/25/2024 3:15:27 PM	03 – Please clarify the amount of the Liquidated Damages for this project. ITB and Sample Contract indicate \$2,500/day. The Supplementary	I D's are \$2500
S.J. Amoroso Construction Co.,	03/25/2024 3:15:27	Conditions and Planetbids portal indicate \$2,700/day.	LD's are \$2500
LLC	PM	04 – Please provide the Geotechnical Report referenced in Specification 00 31 32.	Geotech report will be provided on the upcoming Addendum 1.
S.J. Amoroso Construction Co.,	03/25/2024 3:15:27	05 – Please provide the referenced Specification 06 52 00 – Plastic Structural Assemblies for the rooftop deck scope. Ref: Wood Decking	Specification 06 52 00-Plastic Structural Assemblies will be provided on the
LLC	PM	Spec 06 15 00/2.4.	upcoming Addendum 1.
S.J. Amoroso Construction Co., LLC	03/25/2024 3:15:27 PM	06 - Please confirm if Owner's/Inspector's trailers are required. Specification 01 50 00 doesn't include a specific requirement. Project Requirements - Article 5.5 in the Bid Solicitation Package includes facilities and equipment for the OR.	Yes, trailers are required.
S.J. Amoroso Construction Co.,	03/25/2024 3:15:30	07 – Please provide additional interior elevations for the numerous remaining offices on the Finish Schedule A513 which do not include an "Interior Elevation Sheet" reference. Or provide a typical layout showing the glass markerboards location if required. (i.e.: Rms 111-121, 127-	
LLC	PM	132, 205, 207, 325-334.)	Additional Interior Elevations will be on the upcoming Addendum 1.
S.J. Amoroso Construction Co.,	03/25/2024 3:15:30		
LLC	PM	08 – Please confirm no abatement is required for this project.	No abatement for this project per Fire Dept.
S.J. Amoroso Construction Co.,	03/25/2024 3:15:30 PM	Please reference Alum Framed Entrances & Storefronts Spec 08 41 13/ 2.1 - Acceptable Manufacturers and Glazed Alum Curtain Walls Spec 08 44 13/ 2.1 - Framing. The former lists only Kawneer as an acceptable manufacturer for storefronts with a provision for substitution while the latter lists 7 additional acceptable manufacturers in addition to Kawneer. It stands to reason that these other manufacturers would be acceptable for storefronts if they are found to be acceptable for curtain wall. Please confirm whether the additional manufacturers listed in Section 08 44 13 are acceptable for use in section 08 41 13.	Additional manufacturers are acceptable for Alum Frame Entrances & Storefronts. The following manufacturer's are acceptable: Arcadia, Inc., EFCO Corp., and US Aluminum. See upcoming Addendum 1.
Pro-Craft Construction, Inc.	03/27/2024 8:41:14 AM	Can you please confirm that \$1M Single/\$2M Agg General Liability with \$7M Umbrella/Excess limits will be sufficient for subcontractors on this project?	The GC is responsible for meeting the Insurance requirements outlined in the contract, and will be held accountable for any issues.
S.J. Amoroso Construction Co., LLC	03/27/2024 9:54:05 AM	10 - The Subcontractor Listing Bid Form 4 includes a lot of information required at the time of bid. Would it be possible to submit the CSLB License Expiration Date and DIR Expiration Date within 24hrs after the bid? This information is generally not included on bid proposals and would require additional time to research and complete.	No, completed forms must be submitted at the close of bid.
S.J. Amoroso Construction Co., LLC	03/27/2024 9:54:05 AM	11 – Please clarify the Statement included in the PlanetBids Portal, Special Notices: The City has established a local preference to vendors located within the City limits of Ontario a 1 3/4% advantage in the City's determination of low bid, and a 3/4% advantage of vendors outside the City but within the County of San Bernardino. This stipulation is not included in the bid documents and should be made public to all bidders and subcontractors if it applies to this project. Please advise.	Special Notice #285 was selected in error. The City will not provide local preference advantage.
S.J. Amoroso Construction Co., LLC	03/27/2024 9:54:05 AM	12 – Exterior cmu pilaster detail 8/A1.1 indicates a 24" square, 7'h column (including column cap). Material legend on same page indicates a 16" square, 8'h cmu pilaster Please clarify required size and height of the cmu pilasters.	Exterior CMU pilaster to be 24" square. Clarification will be on upcoming Addendum 1.
S.J. Amoroso Construction Co., LLC	03/27/2024 9:54:05 AM	13 – Please provide enlarged layout for the new North entrance off Parco as shown on A1.1 and C5.0. The new entrance gate is not clearly shown.	The North entrance off Parco is existing. Manual gate is new. Clarification will be on upcoming Addendum 1.
S.J. Amoroso Construction Co., LLC	03/27/2024 9:54:06 AM	14 – Finish Schedule A5.3 indicates different finishes on the access flooring in Rooms 210, 218 & 225 than what is indicated on the 2nd floor Finish Plan Material Legend 4/A6.4. Please clarify.	Room 210 to receive ASC. Room 218 and 225 to receive LVT. Clarification will be upcoming Addendum 1.
S.J. Amoroso Construction Co.,	03/27/2024 9:54:06 AM	15 – Finish Schedule A5.3 indicates polished concrete base at Stairs 145 & 147. Detail 12/A8.9 indicates a metal stringer as base. Please confirm the base will be painted metal stringers and NOT polished concrete.	The flooring on the 1st Floor, Rms 145 and 147 to be polished conc. as shown on 8/A6.3. The base will be stainless steel. The metal stringer is not polished conc. Clarification will be on the upcoming Addendum 1.
S.J. Amoroso Construction Co.,	03/27/2024 9:54:06	16 – Finish Schedule A5.3 indicates Traffic Coating "TRF" at Covered Patio 234. Section 16/A8.9 for this area shows elastomeric	
LLC	AM	waterproofing under the pedestal paver system. There isn't a specification for Traffic Coating. Please clarify.	No Traffic Coating. Clarification will be on the upcoming Addendum 1.
		17 – Specification 07 42 13 – Metal Soffit is for smooth soffit panels. Reflected Ceiling plans call for both smooth and corrugated soffit	
S.J. Amoroso Construction Co.,	03/27/2024 9:54:06	panels. In addition Exterior Elevations A3.1 & A3.2 call for corrugated metal panels 1 & 2 at the mechanical screen, exterior façade and interior parapets at the outdoor patios. Please provide additional specifications for both corrugated soffits and exterior corrugated metal	Metal Soffit per Specification 07 42 13. There is no corrugated soffit. Metal
Morillo Construction Inc.	03/29/2024 10:08:59 AM	panels.  Can we reference a project that is at 70% completion?	Siding Specification 07 46 19 will be on the upcoming Addendum 1.  Project can be referenced, but it is up to the City's discretion whether it is accepted as qualification form states "completed" projects.

	0.4/0.2/2024.42.40.50		
Rainbow Glazing	04/02/2024 12:48:50 PM	Since the glazing type for Dr #226 is missing from the door schedule (A5.1), is door #226 an aluminum flush door?	Door #226 is Door Type D with Glazing Type C. See Addendum 1
Kaliibow Glazilig	04/02/2024 12:49:15	Since the grazing type for Dr #220 is missing from the door schedule (A3.1), is door #220 an adminish flush door :	Door #220 is Door Type D with Glazing Type C. See Addendam 1
Rainbow Glazing	PM	The 3rd floor of courtyard west elevation (4/A3.2) does not match the 3rd floor of west elevations (8/A3.2).	Courtyard West Elevation revised to match 8/A3.2. See Addendum 1
Trainibow Glazing	04/02/2024 12:49:37	The station of coarryand west elevation (47/ 0.2) does not materiale stations of west elevations (07/ 0.2).	Door #101B is per Door Schedule. Elevation 9/A7.1 revised. See Addendum
Rainbow Glazing	PM	The door schedule (A5.1) states that door #101B is type B flush door, but the elevation (9/A7.1) shows the door is type E with a vision lite.	1
	04/02/2024 12:49:55	The door schedule (A5.1) states that door #205 is type D full vision lite, but the elevation (7/A7.3) shows the door is type C with a half vision	Door #205 is Type C as shown on 7/A7.3. Door Schedule revised. See
Rainbow Glazing	PM	lite only.	Addendum 1
	04/02/2024 12:50:12		Door #303 is Type B, no vision lite. Door Schedule A5.1 revised. See
Rainbow Glazing	PM	The door schedule (A5.1) states that door #303 is type D full vision lite, but the elevation (5/A7.6) shows the door is type B flush door.	Addendum 1
	04/02/2024 12:50:29		
Rainbow Glazing	PM	The detail (20/A8.9) states to see 16/A8.8 for additional information about guardrail, but the mentioned detail (16/A8.8) is about canopy.	Detail reference revised to 16/A8.9. See Addendum 1
	04/02/2024 12:50:45	The dimensions provided in the details (9/A7.1) for window N do not match those in the window schedule. Please confirm the correct	Window Type N elevation shown on 9/17.1 is correct and revised on
Rainbow Glazing	PM	information.	Window Schedule, A5.2.
Dainhau Clarina	04/02/2024 12:50:57 PM	Can you specify what Tint #1 glazing is (D1/A5.2 & E/A5.2)? Could not find any information in the glazing specification 088000 for Tint #1	Tint #1 reference is deleted from Window Type D1 & E on Sht. A5.2. See Addendum 1
Rainbow Glazing	04/02/2024 12:51:11	glazing.  Is clear laminated glass required for glazing type B & C? Could not find any information in the glazing specification 088000 for glazing type B	See 088000, Paragraph2.4-Tempered Glass and Paragraph 2.5-Laminated
Rainbow Glazing	PM	& C.	Glass.
Nambow Glazing	04/02/2024 12:51:26	G. C.	Giass.
Rainbow Glazing	PM	Regarding the vertical sunshade on window D1 & D2, does it cover the entire window from the bottom to top, or only partially?	The verical sunshade spans the entire vertical length of the curtain wall
	04/02/2024 12:51:40	For Switchable Smart Glass (Spec. Section 088800), is it for all window F4 & F6 per window schedule? Or only for one F4 & F6 @room 209	Switchable Smart Glass revised to Window Type G and it is only in Room
Rainbow Glazing	PM	per 4/A7.4?	#209. See revised sht. A5.2. See Addendum 1
	04/02/2024 12:51:56		Glazing Type B and D are part of the "General Notes" and may not apply
Rainbow Glazing	PM	Please specify the locations where we should apply glazing type B and D.	unless indcated on the Window Schedule.
S.J. Amoroso Construction Co.,	04/02/2024 1:29:50	18 – Stair plans 13-16/ A6.1 include detail references on A8.8. This sheet does not have stair details. Please clarify and provide the correct	Stair detail references A8.8 are revised to A8.9 on the Enlarged Floor Plans,
LLC	PM	reference details.	shts. A6.1 and A6.2. See Addendum 1
S.J. Amoroso Construction Co.,	04/02/2024 1:29:50	19 – Section 6/A4.2 calls out detail 16/A8.8 at the glass railing at Patio 2 - Rm 335. This is not the correct detail for this location. Please	Detail reference 16/A8.8 revised to 16/A8.9 on Section 6/A4.2. See
LLC	PM	provide correct detail reference.	Addendum 1
S.J. Amoroso Construction Co.,	04/02/2024 1:29:53		
LLC	PM	20 – Please advise if a second jobwalk for subcontractors will be made available to see the existing site/structures/surroundings.	No, a 2nd job walk will not be scheduled.
			Furniture perlane to be included with the bid. Controctes to consider
S.J. Amoroso Construction Co.,	04/02/2024 1:29:55	21 - Please confirm the furniture package per Specification 12 59 13 and RB drawings is to be included with the bid. Electrical power plan	Furniture package to be included with the bid. Contractor to coordinate furniture power with the City of Ontario's furniture vendor, Russ Bassett.
LLC	PM	E2.2 - Keynote 13, E2.6 - Keynote 12, etc. indicates the furniture is Owner furnished/Owner installed.	Contact Ava Rabago, Sales Executive for furniture pricing.
		reynote 19, 22.0 Reynote 12, etc. mandides the furnished 5 Owner furnished 5 Owner mistaned.	contact wasta and go, sales executive for farmeure pricing.
S.J. Amoroso Construction Co.,	04/02/2024 1:29:58	22 – Demo Plan C4.1 includes Keynote 16 – Protect in place 6' to 8' tall chainlink fence and Keynote 15 - Remove from site 6' tall chain link	Existing chain link fences to be removed and replaced with new tube steel
LLC	PM	fence along the south perimeter. This is in conflict with the new tube steel fencing shown on C5.1 & A1.3. Please clarify.	fence. See Addendum 1.
S.J. Amoroso Construction Co.,	04/02/2024 1:30:01	23 – Please clarify the 12' wide area running diagonally through the site parallel with the vcp sewer pipe to be abandoned with the note "to	Contractor to Bid on the removal of abandoned sewer pipe. Verify with the
LLC	PM	be vacated by others. Grading permit not to be issued until vacated." What is required to be included in the bid proposal for this area.	City of Ontario.
S.J. Amoroso Construction Co.,	04/02/2024 1:30:03	24 – Please clarify the finish at the main entrance/outdoor patio. Sheet C5.0 shows 4.5" concrete sidewalk (KN 5) and A1.1 indicates	Porcelain pavers removed. The concrete shown on sht. C5.0 is correct.
LLC	PM	Porcelain Pavers at this area. If this is to be porcelain, provide manufacturer, material, color, section cut, etc.	Sheet A1.1 revised. See Addendum 1
S.J. Amoroso Construction Co., LLC	04/02/2024 1:30:03 PM	25 – Window Types F4 & F6 on Window Schedule A5.2 has both glazing type A & F indicated. Please clarify which glazing is required at these openings. There is a large cost difference between 1" insulated and 1" smart glass.	Smart Glass revised to Window Type G and it's only in Room #209. See revised on sht. A5.2. See Addendum 1
LLC	PIVI	Openings. There is a rarge cost unrerence between 1 insurated and 1 smart grass.	revised on sitt. As.2. See Addendam 1
		26 – Please provide the quantity of Under-Counter Refrigerators required. Specification 11 90 00/2.1D calls for one in each Office, but as	Provide 32 undercounter refrigerator. The Contractor to coordinate
S.J. Amoroso Construction Co.,	04/02/2024 1:30:04	there are no interior elevations for the offices, should the Room Legends on A2.1-A2.3 be used? This will ensure all bidders include the	locations of refrigerators and power connections with the City of Ontario's
LLC	PM	correct quantity. Also, interior elev of Admin Open Office on 5/A7.1 does not show a refrigerator, is one required in this "Office"?	furniture vendor. See Addendum 1.
			The Bidder is responsible for creating their own Bid Schedule. In this
			section for the bidder, the "bid schedule" refers to the part of the Bid that
S.J. Amoroso Construction Co.,	04/02/2024 1:30:05	27 – Recently issued Q&A 3.19 clarified that the Bidder is responsible for creating their own Bid Schedule. Will a typical construction bar	lists Pay Items, units of measurement, prices, estimated quantities, and the
LLC	PM	chart be acceptable for this required Bid Form? If not, please provide further clarification.	total Bid price. Not the City's Bidding Schedule.
S.J. Amoroso Construction Co.,	04/02/2024 1:30:05	28 – Please clarify where the full height "Clothing Lockers" per details 13 & 14/A8.2 are required. The locker rooms have double-tier lockers	Clothing Locker, detail 13/A8.2, in Room 202 revised to indicate 8' high.
LLC	PM	as shown on A7.3.	Lockers in Locker Rms are phenolic. See Addendum 1.
S.J. Amoroso Construction Co.,	04/02/2024 1:30:06	29 – Please confirm the set of 3 squares shown on detail 8/A6.2 in the Quiet Rooms 227 & 229 are to be the full height "Quiet Room Lockgre" per detail 16/A8.2. No keypate or interior elevation is provided.	The "3 squares" are lockers per 16/A8.2 In Rooms 227 & 229. Key notes
LLC S.J. Amoroso Construction Co.,	PM 04/02/2024 1:30:06	Lockers" per detail 16/A8.2. No keynote or interior elevation is provided.  30 – Please clarify the Building Management System requirements for the project. No specification is included in the Bid Docs, but BMS	added on 5/A7.5. See Addendum 1
LLC	PM	Heirarchy detail 1/M5.3 and Specification 23 81 29/2.3H.2 reference a BMS system.	Specification section 23 09 00 added. See Addendum 1

Portable systems shall be Williams Sound #PFM PRO RCH, provide with a body pack transmitter, microphone, (3) sets of receivers with mini-earphones, folding headphones, cables and batteries as required for fully functional systems.
Avidex Industries, LLC	04/12/2024 9:35:17 AM	274100 - AV wiring diagram - The AV diagrams that were provide on sheet E3.6 are very basic and are missing a lot of needed details. Please provide updated AV wiring diagram that show how the full AV system should be connected. Please make sure to include all AV input locations and type.	AV diagram represents the system architecture and is not intended to be a shop drawing or installation drawing. Contractor is to provide a complete and operable system as required per Section 274100, Part 1, Item 1.01.A, 1.03.D, 1.08.F
Avidex Industries, LLC	04/12/2024 9:35:17 AM	274100 - Dispatch speakers - Will Dispatch 201 have any AV speakers? IF YES, please clarify locations.	No AV speakers required in Dispatch 201
,	04/12/2024 9:35:17		
Avidex Industries, LLC	AM 04/12/2024 9:35:17	274100 - EOC speakers - Will EOC 209 have any AV speakers? IF YES, please clarify locations.	Speaker locations have been added to plan. Refer to Sheet E2.3, E2.7, E2.11 for ceiling mounted devices and as
Avidex Industries, LLC	AM	274100 - RCP for AV - Please provide a Reflected Ceiling Plan that shows all the AV ceiling mounted devices.	required by Section 274100
Avidex Industries, LLC	04/12/2024 9:35:17 AM	274100 - Displays size locations - The 274100 specs say that plans will indicate the what size display goes where. However this wrong and the plans do not indicate this. Please provide updated floor plans that show where the different size displays go.	Provide video monitor sizes indicated in 274100. Final placement of video monitors will be determined prior to rough-in.
Avidex Industries, LLC	04/12/2024 9:35:17 AM	274100 - Dispatch desk top display mounts - Are mounts needed for the 43" flat panel displays that going at each of the desk stations in the Dispatch room? IF yes, please clarify what type.	Provide foot supports for placing monitors on the table tops.
Avidex Industries, LLC	04/12/2024 9:35:17 AM	274100 - EOC AV devices - The AV devices shown on 2/E3.6 does not match the floor plan for room 209 on sheet E2.7. Please clarify which is correct.	AV diagram represents the system architecture and is not intended to be a shop drawing or installation drawing. Contractor is to provide a complete
Avidex Industries, LLC	04/12/2024 9:35:17 AM	274100 - Network switch - Will the 274100 AV contractor be expected to provide any network switches? Or will those be OFCI? IF these are to be provided by the contractor then please provide a model number.	Switches required for the operation od the AV system shall be provided by the AV contractor. Switches for the computer network system (Section 271343 shall be provided by the City of Ontario I.T. Department)
Electric Service & Supply Co. (ESSCO)	04/12/2024 11:05:44 AM	Plan E2.6 identifies that power conduit can be embedded in slab (e.g., room 209), however, plan E2.7 of the same room does not identify that LV conduit can be embedded in the slab. Please clarify as it applies to all floors??	Per Section 260000, Part 2, Item 2.1.A.2 and 2.1.A.3 conduit may be installed concealed in concrete or block walls. Conduit is not allowed to be embedded in floors. Conduit shown dashed on Sheet E2.6 are to be run underfloor and in the ceiling spee of the floor below.
Electric Service & Supply Co. (ESSCO)	04/12/2024 1:12:41 PM	Plan E3.6 details call for speakers. however, the plans do not layout speaks, their locations, nor there quantity, please clarify?	Speakers have been added to the plans.
S.J. Amoroso Construction Co., LLC	04/12/2024 1:38:33 PM	58 – Please clarify if the cmu wall shown on 8/A1.5 is to have split face on one side only, or both sides.	Provide split-face on both sides of the CMU walls
Electric Service & Supply Co. (ESSCO)	04/12/2024 3:32:04 PM	The power shade plans appear to show conduit raceways while only calling our cabling to and from connection points. That includes the 120V circuits from Panel-H. Please clarify what raceways are required to be in conduit?	120V. Circuits are to be run in conduit. Low voltage wire/cable run over hard-lid/gyp. ceilings and in areas with no ceiling (open to structure above) must be run in conduit.
Electric Service & Supply Co. (ESSCO)	04/12/2024 3:37:57 PM	Please clarify if the EC is responsible for more than the 120V AC circuits from Panel-H to MECHO shade electroshade panels (e.g. Circuit H-17 to RSC-5)?	Electrical contractor is responsible for providing 120V. Circuits and raceways for low voltage wiring. Coordinate requirements with the shade contractor.
Electric Service & Supply Co. (ESSCO)	04/12/2024 4:04:04 PM	Multiple low voltage plans, including but not limited to E2.3 and E2.14, incorporate arrowed lines from j-boxes; some are to a stated destination and others are not. Moreover, it is not identified in most cases whether the arrowed line means conduit only, cabling only, or conduit with cables. Please clarify the meaning, sizes and destinations of those runs as necessary??	The contractor shall route cables from system outlets/connectors back to the system head-end equipment. Provide minmimum 3/4"C. where indicated on plan. All wire/cable concealed in walls shall be routed in conduit. Refer to Section 260000, Part 3, Item 3.1.A.36 and 3.1.B.2 for additional requirements.
Morillo Construction Inc.	04/12/2024 4:11:46 PM	Please confirm the requirements for a "bid schedule" to be included as part of the list of "Required Bid Forms" stated on Article 2.2.1(A) of the bid documents. Per the City of Ontario's Website, the bid schedule includes the following, all of which appear to be at the discretion of the owner, and determined prior to bid: 1.Advertisement and Posting 2.Pre-Bid Conference 3.Bid Submission Deadline 4.Bid Opening 5.Bid Evaluation and Award 6.Contract Execution 7.Project Commencement and Completion	The Bidder is responsible for creating their own Bid Schedule. In this section for the bidder, the "bid schedule" refers to the part of the Bid that lists Pay Items, units of measurement, prices, estimated quantities, and the total Bid price. Not the City's Bidding Schedule.
AMG & Associates, Inc.	04/13/2024 8:32:11 AM	Is there a BMS or EMS system for this project, or are the HVAC controls to be a stand alone system?	Yes there is a BMS System. See Specification Section 23 09 00 in Addendum 1 for information.
AMG & Associates, Inc.	04/13/2024 9:13:39 AM	Can you please clarify what stud gauge is to be used on new metal stud walls for this project	See Specification Section 09 22 16 for required gauges and Sheet S051,S052 &S053 for other steel stud gauge requirements.
Electric Service & Supply Co. (ESSCO)	04/15/2024 8:04:34 AM	Plan M0.1 Notes 27 & 28 identify that the Elec. Contractor and the Mech. Contractor are both responsible for Mech low voltage conduit and wiring. Please clarify if that responsibility exists for the EC beyond what is only included on the electrical plans?	
Electric Service & Supply Co. (ESSCO)	04/15/2024 8:13:52 AM	What type of price breakout is required for Elec. subcontractors submitting full package bids (Elec., FA, AV, Communications, etc.)?	The schedule of values can be submitted after contract award. The prime is responsible for providing an overall schedule for pay items and invoicing.
