

ADDENDUM NO. 2

CITY OF CORNING City of Corning Plaza and Recreation Center Project Dated: January 12, 2025

The purpose of this Addendum No. 2 is to modify the Contract Documents for the above project. This Addendum shall be attached to and become a part of said Contract Documents. **THIS ADDENDUM SHALL BE SIGNED BY THE BIDDER, DATED, AND SUBMITTED WITH THE BID PROPOSAL FOR THE PROJECT.**

Addendum No. 2; Item No. 1:

This Addendum includes the following clarifications and revisions:

A1.1. Baba Clarification:

In addition to Specification Section 01 62 00 – Product Compliance with Buy American Build America (BABA), the following provides additional clarification:

Build America Preference (BAP) Requirements – FY 2024 CDBG Funds

The City has the authority to waive the Build America Preference (BAP) requirements for up to five percent (5%) of the total material costs of a project, not to exceed \$1 million, when domestically produced equivalents cannot be identified. The funding obligations for this project are from FY 2024 Community Development Block Grant (CDBG) funds. Under these funds, the BAP requirements apply only to the purchase of specific materials, as outlined below.

Materials Subject to BAP Requirements

- Iron and steel
- Non-ferrous metals
- Lumber
- Plastic and polymer-based composite building materials, pipe, and tube

Materials **Not Subject to BAP Requirements for FY 2024 CDBG Funds**

- All other plastic and polymer-based products
- Glass
- Fiber optic cable
- Optical fiber
- Engineered wood
- Drywall

A1.2. BABA Spreadsheet – as of 12/04/2025 (Exhibit A**, located at end of this Addendum). An Excel spreadsheet identifying products has been provided for reference and to assist identifying those products that are complying / not complying / unknown compliance with BABA requirements.**

A1.3. BABA Substitution / Waiver Form (Exhibit B, located at end of this Addendum). Products shall be BABA compliant, unless identified otherwise here in Addendum 1. Where necessary, items may deviate from the drawings and / or specs to meet BABA criteria. Any deviation shall be listed in the attached Substitution / Waiver Form.

A1.4. Clarification to Addendum No. 1: The response provided in Addendum No. 1 to the question regarding whether bidders are to bid exactly what is shown on the plans and specifications and submit BABA waivers or substitutions post-award is hereby rescinded. The response provided in Addendum No. 2, Question A1.5, is the correct and governing response and shall be relied upon by all bidders.

A1.5. QUESTION: Are bidders to bid exactly what's on the plans and specs and submit BABA waivers or substitutions post-award?

ANSWER: Referencing the BABA clarifications above. Where products do not meet BABA compliance, substitutions shall be submitted along with Bid, and NOT post-award. Please reference Exhibit A for product clarification.

A1.6. QUESTION: Would the City consider extending the pre-bid RFI deadline to two weeks prior to the bid deadline? This would allow additional time for subcontractor review, manufacturer feedback, and coordination.

ANSWER: The pre-bid RFI deadline has been extended and moved to **January 21, 2026, 11:00 am.**

This Addendum consists of a total of **(16) pages.**
