Question:

After review of the contract documents, no mention is made in the documents regarding a percentage of work that is to be self performed by the contractor. One bid advertisement indicates that there is a requirement, which we believe to be in error.

Please confirm there are not self performance requirements for the contractor on this project.

Thank you.

CAL FIRE does require Prime self-performance of 30% on this project. Please find the information listed within the bid advertisement located on Cal eProcure:

<https://caleprocure.ca.gov/event/3540/9TSC0107>.
