INSPECTION CARD BUILDING IDENTIFIER

Division of the State Architect (DSA) documents referenced within this publication are available on the DSA Forms or DSA Publications webpages.

This form is to be completed by DSA plan review staff during back check and a copy given to the design professional. Inspection cards will be issued based on this form. The design professional shall use the unique identifiers for Inspection Cards shown below when filling out Section 2 of the *DSA 102-IC: Construction Start Notice / Inspection Card Request.*

PROJECT INFORMATION	
School District/Owner: El Monte Union High School District	DSA File #: 19 - H10
Project Name/School: Arroyo High School	DSA App. #: 03 - 123641
Design Professional: VIRGINIA MARQUARDT	Date Approved: 10/14/25
Plan Reviewer: Oscar Cheung	Revision Date:

Complete the following for each building that is part of this DSA application. Site work and non-building site structures, as defined below, are covered by the Site Work Inspection Card and do not need to be described. See DSA Procedure *PR 13-01: Construction Oversight Process* for additional Inspection Card information.

NON-BUILDING SITE STRUCTURES

Per DSA Procedure PR 13-01 – Structures that are required to resist loads imposed by gravity, wind, seismic, earth or other external forces and are not enclosed by walls and a roof. (For example, shade structures not enclosed by walls, bleachers, ball walls, trash enclosures, dugouts, tanks, equipment, fences, retaining walls, ramps, stairs, light poles, etc.)

The term "Non-Building Site Structures" is used only to clarify the types of site structures that are relevant when issuing form *DSA 152: Project Inspector Card* for site work. These types of structures are "School Buildings" as defined in the California Administrative Code Title 24, Part 1.

Site Work Inspection Card required? *(See definition of Non-Building Site Structure above.)* ☑ YES ☐ NO
